Email: Support@IZERVAYMyWay.com	Website: IZERVAYecp.com/PatientSupport

This Billing and Coding Guide is for general informational purposes only. The codes listed reflect a sample of potentially relevant codes but the provider is responsible for selecting the appropriate diagnosis, procedure, and billing codes that truthfully reflect the diagnosis and level of service provided to the patient in each instance of administration of IZERVAY.

The information in this guide is subject to change without notice and should be verified by the provider for each patient prior to treatment. Contact the patient's health plan directly for the most accurate information.

Astellas Pharma US, Inc. does not guarantee payment or coverage for any product or service.

### **Codes for billing and reimbursement**

The codes below are common codes that may be used when filing a claim for IZERVAY. For the most accurate codes, please contact your patient's health plan.

Current Procedural Terminology (CPT®) codes for imaging <sup>1,2</sup>			
CPT code	Description		
92134	Optical coherence tomography		
92235	Fluorescein angiography (FA)		
92250	Fundus photography (Fundus autofluorescence)		
92240	Indocyanine green angiography (ICG)		
92242	FA and ICG		

CPT code for injecti	ons <sup>3</sup>	
CPT code	Site modifier	Description
67028	Apply the appropriate site modifier (LT, RT, or 50) to the end of CPT code 67028	Intravitreal injection

LT, left eye; RT, right eye; 50, both eyes.

 ${\sf CPT}^{*}$  codes and descriptions are @ 2024 American Medical Association (AMA). All rights reserved.

It is always the provider's responsibility to determine the appropriate clinical diagnosis and healthcare setting to submit true and accurate claims for the products and services rendered.

#### Evaluation and management (E/M) codes<sup>1</sup>

CPT code	Description
99203	New Patient Level 3 E/M
99213	Established Patient Level 3 E/M
99204	New Patient Level 4 E/M
99214	Established Patient Level 4 E/M

Other E/M codes may apply or be more appropriate for a given visit. Please refer to the E/M coding and documentation guidelines in the CPT book provided by the American Medical Association.

Office visit modifier <sup>2</sup>	
Modifier	Description
25	Significant, separately identifiable evaluation and management service by the same physician or other qualified healthcare professional on the same day of the procedure or other services.

Office visit modifiers help with prompt and correct payment based on evaluation and management services provided. These modifiers do not apply to services like tests or surgeries.

IVERIC bio, Inc., Parsippany, NJ 07054.

It is always the provider's responsibility to determine the appropriate clinical diagnosis and healthcare setting to submit true and accurate claims for the products and services rendered.

Please see Important Safety Information on page 8 and accompanying full <u>Prescribing Information</u>.

4

Healthcare Common Procedure Coding System (HCPCS) code <sup>1</sup>					
HCPCS code	CPCS code Descriptor Site of care Billing units*				
J2782	Injection, avacincaptad pegol intravitreal solution, 0.1 mg	All sites of care	20		

### When using the permanent J-code, bill 20 units for a 2-mg dose of IZERVAY.\* Be sure to check with each payer for specific coding requirements.

\*One billing unit of J2782 equals 0.1 mg of avacincaptad pegol. As a result, billing for 20 units equals a 2-mg dose of IZERVAY.<sup>1</sup>

JZ modifier: Effective July 1, 2023, providers and suppliers are required to report the JZ modifier on all claims that bill for drugs from single-dose containers that are separately payable under Medicare Part B when there are no discarded amounts.<sup>2</sup>

Important reminders when billing for IZERVAY				
<ul> <li>Ensure the following information is included in the claim submission:</li> <li>Drug name/generic name</li> <li>Strength</li> <li>Unit administered</li> <li>Route of administration</li> <li>NDC</li> <li>Appropriate codes (ICD-10, CPT, HCPCS)</li> </ul>	<ul> <li>Some health plans may also request the following:</li> <li>Prescribing information</li> <li>FDA approval letter</li> <li>Any relevant documentation to support medical necessity (EHR documentation, letter of medical necessity, etc)</li> <li>Drug purchase invoice</li> </ul>

#### It is your responsibility to ensure that claim forms are completed accurately based on the clinical visit.

It is always the provider's responsibility to determine the appropriate clinical diagnosis and healthcare setting to submit true and accurate claims for the products and services rendered.

#### INDICATION

IZERVAY<sup>™</sup> (avacincaptad pegol intravitreal solution) is indicated for the treatment of geographic atrophy (GA) secondary to age-related macular degeneration (AMD).

#### **IMPORTANT SAFETY INFORMATION**

#### CONTRAINDICATIONS

• IZERVAY is contraindicated in patients with ocular or periocular infections and in patients with active intraocular inflammation.

#### WARNINGS AND PRECAUTIONS

- Endophthalmitis and Retinal Detachments
  - Intravitreal injections, including those with IZERVAY, may be associated with endophthalmitis and retinal detachments. Proper aseptic injection technique must always be used when administering IZERVAY in order to minimize the risk of endophthalmitis. Patients should be instructed to report any symptoms suggestive of endophthalmitis or retinal detachment without delay and should be managed appropriately.
- Neovascular AMD
  - In clinical trials, use of IZERVAY was associated with increased rates of neovascular (wet) AMD or choroidal neovascularization (7% when administered monthly and 4% in the sham group) by Month 12. Patients receiving IZERVAY should be monitored for signs of neovascular AMD.
- Increase in Intraocular Pressure
  - Transient increases in intraocular pressure (IOP) may occur after any intravitreal injection, including with IZERVAY. Perfusion of the optic nerve head should be monitored following the injection and managed appropriately.

#### **ADVERSE REACTIONS**

• Most common adverse reactions (incidence ≥5%) reported in patients receiving IZERVAY were conjunctival hemorrhage, increased IOP, blurred vision, and neovascular age-related macular degeneration.

#### Please see full <u>Prescribing Information</u> for more information.

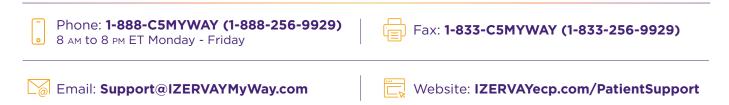

It is always the provider's responsibility to determine the appropriate clinical diagnosis and healthcare setting to submit true and accurate claims for the products and services rendered.

### Wherever you are in the process, we are ready to provide access and reimbursement support for IZERVAY.

With just a call or click, you can get assistance from a dedicated IZERVAY My Way<sup>™</sup> Access Coordinator.

It is always the provider's responsibility to determine the appropriate codes for the products and services rendered. Astellas Pharma US, Inc. does not guarantee payment or coverage for any product or service.
